

9- Caspase Antibody (Wb, IHC-P, IF/ICC, Elisa) - P55211

CM0019252: Rabbit Anti-Caspase-9

مقدم

Antibody against Caspase-9, a key enzyme in apoptosis. It can be used for Western blot (WB), Immunohistochemistry (IHC-P), Immunofluorescence (IF/ICC), and ELISA. The antibody is a rabbit polyclonal IgG with a molecular weight of approximately 46 kDa.

الاسم	المعلومات
الاسم	9- Caspase Antibody (Caspase-9 Rabbit pAb)
الاسم/الاسم	MCH6: APAF3: APAF-3: PPP1R56: ICE-LAP6: 9- Caspase
الاسم	Antibody
الاسم (الاسم)	842
الاسم	842
الاسم	(NP_001220.2) 9- Caspase (139-416) is a member of the caspase family of serine proteases. It is involved in the regulation of apoptosis.
